

Issues At Dryden

Today at Dryden High School, many girls were dress coded for the first time in multiple years, all of them wearing crop tops. Our new **principal** has upset many of our High Schoolers with her other decisions as well, such as the ban on phones and headphones during study halls.

What's really going on

Our new principal stated that " Im just following the rules set in place to do my job. " *Mrs. Powell* many students were outraged when they noticed that the popular girls didnt even receive warning for wearing crop tops, the same thing unpopular girls were being written up for.
